1. Purpose and Scope

1.1 Purpose

A small team works best when everyone knows her role, her boss, her limits and the people she works with. This document shows how Mehfil-e-Zan is organised, how responsibilities and decisions flow through the company, and what each of the 11 positions does. It makes work fair and clear, and prevents gaps and overlaps.

1.2 Scope

It covers the organizational chart, reporting relationships, job descriptions, approval limits, decision boundaries and cross-team coordination for all 11 core positions. Part-time baristas, kitchen helpers, cleaners and workshop instructors work under the Supervisor, Operations Officer or the Sales Executive, as set out in Section 4.

1.3 Business assumptions

- Mehfil-e-Zan is a women-only cafe and community space in Gulshan-e-Iqbal, Karachi, open daily from 10:00 AM to 10:00 PM, with 40 seats.
- There is one person in each of the 11 core positions. The Owner and CEO are different people.
- Approval limits follow the Finance and Expense Management SOP (MEZ-SOP-009). Amounts are in Pakistani rupees (PKR).

2. Organizational Principles

Principle	What it means in practice
One boss	Every person reports to one manager for daily work, so instructions are never in conflict.
Clear ownership	Each process, document and budget line has one named owner.

Principle	What it means in practice
Check and balance	The person who asks is not the person who approves. The person who approves is not the person who pays or records.
Decisions at the right level	Small decisions are made close to the work. Bigger risks and bigger money go higher.
Cooperation across teams	Teams share information early, use fixed handovers and solve problems together.
Respect and fairness	Roles carry different authority, but every person is treated with equal dignity.

3. Organizational Chart

The chart below shows all 11 positions and how they report. The CEO leads the business for the Owner. Six managers and coordinators report to the CEO. The two executives report to the HR / Sales / Marketing Manager. The Supervisor reports to the Operations Officer.

Solid line: reporting line. Dotted line: Documentation & Compliance Coordinator can raise compliance concerns directly with the Owner.

No.	Position	Reports to	Direct reports
1	Owner	None (final authority)	CEO

No.	Position	Reports to	Direct reports
2	CEO	Owner	HR / Sales / Marketing Manager, Operations Officer, Finance Director, IT Manager, Security & Safety Manager, Documentation & Compliance Coordinator
3	HR / Sales / Marketing Manager	CEO	Sales Executive, Marketing Executive
4	Finance Director	CEO	None (Owner may appoint an accountant or assistant)
5	Sales Executive	HR / Sales / Marketing Manager	None
6	Marketing Executive	HR / Sales / Marketing Manager	None

10	Security & Safety Manager	CEO	Security guard or door staff, if any
11	Documentation & Compliance Coordinator	CEO (and direct access to the Owner for compliance concerns)	None

4. Reporting Relationships

- **Solid line:** day-to-day reporting for tasks, leave, performance and discipline.
- **Dotted line:** a working relationship for advice and standards. For example, the IT Manager, Security & Safety Manager and Documentation & Compliance Coordinator set rules for everyone in their area, but do not manage other teams.
- **Part-time and support staff:** baristas, kitchen helpers and cleaners report to the Supervisor. Workshop instructors report to the Sales Executive for scheduling and to the Operations Officer for the event day. Interns and trainees report to the manager of the department they join.
- **Span of control:** no manager has more than 6 direct reports. The CEO has six, so the Owner may appoint a deputy if the team grows.
- **Conflicts of interest:** a person does not report to or supervise a close relative. Conflicts are disclosed (MEZ-SOP-008, Section 14).
